### **About the Jean Tague-Sutcliffe Doctoral Poster Competition:**

This competition was established in memory of Jean Tague-Sutcliffe, Professor and former Dean of the Graduate School of Library and Information Science at the University of Western Ontario (UWO, now the Faculty of Information and Media Studies). During her thirty-year career, Professor Sutcliffe's research on the measurement of information made significant contributions to the theoretical, methodological, and practical foundations of library and information science. This award, established by students at UWO in 1997, also recognizes Professor Sutcliffe's dedication to the education of information professionals by awarding a certificate, a one-year student annual membership to ALISE, and a \$200 cash prize to the first-place winner. Entries need not align with the conference theme.
